

AFFORD®

Who are we?

AFFORD is a manufacturer of inks and coatings to solve the needs of its customers decorative or functional needs in their industrial application requirements. As such, AFFORD is a leader company in the manufacture of inkjet, screen and pad printing inks.

Founded in 1976, and with its headquarters in Madrid, AFFORD goods can be identified by its reliability, consistency, quality and innovation. The quality of our products is guaranteed through very tight controls and is widely recognised by our customers in more than 50 countries.

Research is a key element for the success of our company. To keep state of the art products we invest significant amount of resources in R&D.

Our mission

AFFORD aims our customer's recognition and fidelity for our products.

We believe in AFFORD that a commercial relation must not be established only on the product, but that customer service must be our priority and a differential element.

We understand that customer service is tailoring our products to your needs, work shoulder to shoulder at your premises, train your employees and be available and at your disposal at any time.

Inkjet inks

We produce the finest quality inkjet inks for your wide and superwide format printers. State of the art technology and a very demanding quality control allows us to offer exceptional quality at affordable prices.

Screen printing inks

Screen inks have been our main activity during our 25 years. An extensive know-how background and our craftsmanship allows us to offer the most complete range of top quality screen inks of the market.

Pad printing inks

AFFORD produces a high quality range of pad printing inks, suitable to fulfill the most demanding requirements. High opacity and exceptional chemical and physical properties are the main characteristics of our range.

Narrow web UV inks

We have started recently the production of UV flexo and UV offset inks. Our target is to offer a top quality range that improves the throughput of your flexo press. This range, together with our vast experience in screen inks allows us to offer one of the best portfolios in the industry for this field.

UV and EB varnishes

AFFORD has been producing UV and EB varnishes for over 30 years, being a pioneer in this field. We provide a wide range of specialty products for different industrial applications. Many of these products are tailor made.

Tailor-made inks

AFFORD is an extremely flexible company. This strategic advantage allows us to produce customized ink formulations for our customers, irrespective of the volume. Our R&D team will optimize the formulation to fulfill 100% of your needs.
